

## **WODEN ATHLETICS CLUB**

### **CLUB RECORDS**

The following sets out the scope and process for setting, breaking or equalling a Club record.

1. In the event of a record being equalled or broken, it is the responsibility of the athlete to apply to the WAC Committee for such a record claim.
2. A performance will only be ratified as a Club record if it is achieved during an official competition organised under IAAF Rules and officiated by qualified Technical Officials. A performance accomplished at a School Sport ACT competition or a Little Athletics competition, will therefore not be recognised for the purposes of a Club record.
3. Valid performances are not restricted to Final Rounds and can be accomplished in Qualification Rounds, in jump offs to decide a tie in vertical jumps, and in individual events in Combined Events competitions.
4. For 100m, 200m, sprint hurdles and horizontal jumps a record performance will only be ratified if the wind velocity is measured by a wind gauge and is not greater than 2 metres per second.
5. The following methods of timekeeping are recognised for the purposes of a Club record:
  - (a) Hand Timing (only for events greater than 800m);
  - (b) Fully Automatic Timing obtained from a Photo Finish System;
  - (c) Timing provided by a Transponder System.
6. For races up to and including 800m (including relays), only performances timed by a Fully Automatic Timing and Photo Finish System will be valid for the purposes of a Club record.
7. A Club record will not be acknowledged as such until the record is ratified by the WAC Committee or a specially convened Sub-Committee sanctioned by the WAC Committee.
